The Buick Performance Group is a non-profit member-run organization. We value all input from our members, and we could love to include your car, tech tips, and any article that you would like to take the time to submit to us.

To submit material for the Build Sheet, please mail your information to the BPG Editor:

Buick Performance Group
83 Vanderveer Ave
Holland, PA 18966

You can also e-mail your information, articles, and photos directly to Yardley, the BPG Editor:

jeff@the-comp-doc.com

The Build Sheet is available to current members via the club website:

www.buickperformancegroup.com

“The Build Sheet” is a quarterly production of The Buick Performance Group, Inc. Each issue will be labeled seasonally – ie. Winter, Spring, Summer, Fall. To have an article submitted for the next issue, information must be received by the end of each month as follows: Winter – November, Spring – February, Summer – May, Fall – August. All articles/information received after that point will be considered for the next publication.

The BPG and the Newark Metropolitan Hotel Invite you to the 2013

The Buick Performance Group invites you to attend our 2013 Event August 2nd and 3rd At National Trail Raceway in Hebron Ohio. All makes and models are welcome. The Host Hotel is The Newark Metropolitan Hotel which is a full-service, 5 star Hotel featuring 24 hour Room Service, full restaurant and Bar. The City has also closed off the street in front of Hotel on Thursday and Friday nights. And for our Friday night Cruise-In we will feature a BBQ and a live Band. Cincinnati's own Northside Garage (<http://www.northside-garage.com>) will be playing in the parking lot of the hotel on Friday night! Come and enjoy a wild Block Party with a full-blown Car Theme and live 'Rock and Roll'!

No matter what make or model car you drive, park it along the street in front of the Metropolitan Hotel and enjoy the hospitality the BPG offers!

Do you enjoy a day at the track? Then spend Friday at the track and Friday night at the Block party!

The Staging Lanes

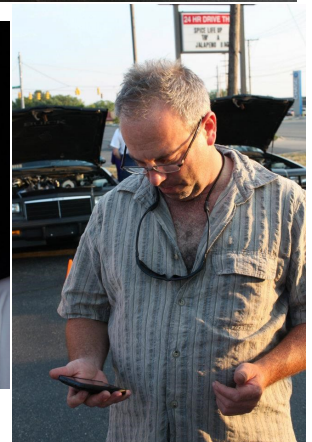

I am a little late in getting this issue out. And I apologize. I just hosted my annual Buick Picnic yesterday, and the buzz surrounding the 2013 BPG Block Party is astounding! If you've never attended an old-fashioned "Block Party" before, then you are in for a treat! Years ago, after WWII, neighborhoods thrived, and it was common for an entire street, or "block" to get together on a special day/evening and have everyone open their doors, serve food, sell their wares and just enjoy their "extended family". That is similar to what we will be doing Friday night at the BPG Nationals. The hotel and police department have agreed to cordon the street in front of the hotel, providing the BPG with our very own "block" to party on. We will have a kickin' blues-rock band, starring BPG member Ted Nagel. The hotel will be selling BBQ as well. So come and park your car and enjoy the fun!

If you want to attend but are concerned about driving your car back to your own hotel after enjoying the alcohol for sale in the hotel bar, then **YOU ARE IN LUCK!** The BPG has arranged for a shuttle to transport attendees to and from the Block Party from neighboring hotels!

When I was asked to take over as editor of The Build Sheet I agreed to do it only if I could do it my way. And I believe that The Build Sheet should be a reflection on the people in the club, because, after all, without the members there would be no club. Yes, we have all come together because of Buicks, and I will publish pictures of cars as much as I can, but I strive to show in every issue the FUN that the members have when they get together. Seeing pictures of friends in various locations brings back such warm memories. The hotel parking lot, the track, on the road. Regardless of where you are, as

long as you are with your Buick family you will always remember the good times.

By the time you receive this we will have less than 2 months until the BPG Nationals. I know, we have barely shaken off the winter chill and already we are looking toward August! And believe me when I tell you that those 2 months will fly by! See you soon!

Want to see your car in a magazine?

If you have a story to tell about your car: how you acquired it, what you've done to it, what it means to you, then e-mail me the details. If you just aren't comfortable putting pen to paper, then e-mail me and I will run a feature on your car "interview style". I'll gather the necessary information and write it up for you. If you just want to send a photo or two, then that's OK as well. My e-mail address is:

← If you ever wanted to know exactly what is correct for a Buick A-body vehicle, Duane Heckman is the person to talk with. Besides telling you what parts belong on your car, Duane's knowledge of just how a car was assembled is very interesting all by itself.

Why are wagon's so cool? They were used as nothing more than a utilitarian vehicle to haul kids and lumber. And as such, far fewer survive than the type of vehicle that was pampered. Once a wagon was worn out it was sold and eventually scrapped. ↓

The advertisement features a large, detailed image of a turbocharger in the center. Surrounding it are four smaller inset images: top-left shows various engine components like springs and seals; top-right shows a close-up of a turbocharger's internal turbine housing; bottom-left shows a red precision tool, likely a bearing puller, with other parts; bottom-right shows a white cast metal turbocharger housing. The Precision Turbo & Engine logo is prominently displayed in the top left and bottom right corners. A phone number, 219.996.7832, is shown in a stylized font across the bottom right of the main image.

Stock Replacement Balancer

Brand new, not a re-built balancer, made in the USA and meets or exceeds original Buick specifications. Fits '64-'81 300-340-350. Don't trust a used or rebuilt balancer on your engine, TA balancers are machined out of Billet Steel and are heat bonded together compared to a factory Cast Iron unit. Don't forget to replace your cam bolt and washer with our HD Bolt and Washer (TA 1108H & TA 1108WA).

Small Block/V6 Timing Set

These sets use a stock type timing chain (which is quieter than a double roller chain) and allows you to retain your stock chain tensioner. It also has 9 keyways to allow the cam to be precisely degreed compared to a stock type timing set. Lastly the gears are machined out of billet steel for increased strength compared to cast iron. These will be priced \$30 less and are a great alternative to the Steel Billet Double Roller Timing Sets.
